

# Bearing and Fault Diagnosis

TEQIP sponsored short term course conducted by Discipline of Mechanical Engineering at IIT Indore from March 26 – 27, 2018:

- The short-term course provided sound fundamental knowledge to the participants on above-mentioned aspects of bearing and gear fault diagnosis. Participants were given an opportunity to explore the state-of-art equipment available at IIT Indore in the field of bearing and gear fault diagnosis.
- A total of 12 candidates actively participated in this short course and the feed-back was collected at the end of the course.
